Dear Xxxxxx,

Thank you for taking the time to review my resume. I'm a 10 year design veteran with knowledge of all mediums from package design, print and web. My work for clients such as Kellogg Canada, Fujifilm, Wal-Mart and the Sony store has given me a wide range of experience.

I know that you are currently seeking a Graphic Designer (Cross-Media Advertising). I have 2 years experience as a Production Coordinator and 8 years as a Graphic Designer. As Production Coordinator and Graphic Designer my responsibilities included management of jobs, management of filing systems, maintaining contact between production staff and clients. Developing design projects for clients, taking concepts to final production for print and the web. I know that I could bring fresh thinking with a high degree of professionalism to your team.

As well as reviewing my attached resume, I encourage you to view my creativity on-line at www.kellimaclean.com

I would welcome the opportunity to review my portfolio with you in person. You may reach me at the above telephone number or e-mail address.

Best Regards,

Kelli MacLean
